President's Ponderings

President's Ponderings

What a week it's been - starting with the Business of Winning event held last Friday at the Sofitel Hotel in the city.

Considering the difficult times we are in and the loss of the major sponsor ExpoHire, I think it was an amazing achievement for the Committee headed by Peter Allen & David Baker to coax more than 300 people to shell out \$105 each for lunch.

This can only happen because of the high reputation built by the event in the ten years of its existence, backed by good entertainment and an interesting speaker panel.

The fundraising was helped by some generous donations of goods for raffle and auction, notably by President .Elect Dennis Coleman through his Balwyn Jewellers connections , and Tivoli Hi-Fi , whose proprietor Philippe Luder demonstrated some of the latest technology in Hi-Fi and Home Entertainment equipment on Wednesday.

I was amazed at the quality of sound produced by such compact equipment as

well as the grander Home Cinema experience.

It was great to see Murray Dance back again, although not so great that he has to go in for a hernia operation next week.

The Club has been well represented at the Homeless World Cup for street soccer held at the Federation Square during the week - John Phillips, Peter Anderson, Don Fotheringham, Leslie Daniels-King [with friends] and myself joined a vast group of volunteers for a week of work and an enriching experience. I was a bit sceptical about the idea at first but seeing it work and meeting some of the competitors showed me the benefits in the lift in self-esteem and worldliness they enjoyed from the experience.

Our next adventure is to the youth camp at Camp Getaway, near Bendigo, for a maintenance working bee weekend - more about that next week.

President Neil.

Last Weeks Meeting

David Baker as Chairman introduced Philippe Luder the principal of Tivoli Hi Fi in Camberwell who proceeded to demonstrate a range of digital tuners and speakers that was both impressive and remarkable. The ability to be able to provide both stereo and surround sound from the single unit without myriad speakers and wires was certainly impressive and the sounds from the many types of music demonstrated was certainly exciting
